YOUR ABILITY TO WITHDRAW FUNDS

This policy statement applies to all accounts.

Our policy is to delay the availability of funds from your cash and check deposits. During the delay, you may not withdraw the funds in cash and we will not use the funds to pay checks that you have written.

Please remember that even after we have made funds available to you and you have withdrawn the funds, you are still responsible for checks you deposit that are returned to us unpaid and for any other problems involving your deposit.

Determining the Availability of a Deposit

The length of the delay is counted in business days from the day of your deposit. Every day is a business day except Saturdays, Sundays, and federal holidays. If you make a deposit before closing on a business day that we are open, we will consider that day to be the day of your deposit. However, if you make a deposit after closing or on a day we are not open, we will consider that the deposit was made on the next business day we are open.

If you make a deposit at an ATM before 6:00 p.m. on a business day that we are open, we will consider that day to be the day of your deposit. However, if you make a deposit at an ATM after 6:00 p.m. or on a day we are not open, we will consider that the deposit was made on the next business day we are open.

The length of the delay varies depending on the type of deposit and is explained below.

Same-Day Availability

Funds from electronic direct deposits to your account will be available on the day we receive the deposit.

Next-Day Availability

Funds from the following deposits are available on the first business day after the day of your deposit:

U.S. Treasury checks that are payable to you.

Wire transfers.

Local checks drawn on St. Paul Federal Credit Union and, if applicable, checks drawn on a branch of St. Paul Federal Credit Union located in the same state as us.

If you make the deposit in person to one of our employees, funds from the following deposits are also available on the first business day after the day of your deposit:

Cash.

State and local government checks that are payable to you.

Cashier's, certified, and teller's checks that are payable to you.

Federal Reserve Bank checks, Federal Home Loan Bank checks, and postal money orders, if these items are payable to you.

If you do not make your deposit in person to one of our employees (for example, if you mail the deposit), funds from these deposits will be available on the second business day after the day we receive your deposit.

Other Check Deposits

The delay for other check deposits depends on whether the check is a local or a nonlocal check. To see whether a check is a local or a nonlocal check, look at the routing number on the check:

Personal Check

_____ 20 _____
Pay to the order of _____ \$ _____ dollars
Bank Name and Location _____
123456789 0000000000 000
Routing Number

Business Check

Name of Company Address, City, State _____ 20 _____
Pay to the order of _____ \$ _____ dollars
Bank Name and Location _____
000000000 123456789 0000000000 000
Routing Number

If the first four digits of the routing number (1234 in the examples above) are 0910, 2910, 0911, 2911, 0912, 2912, 0913, 2913, 0914, 2914, 0915, 2915, 0960, 2960, 0918, 2918, 0919, 2919, then the check is a local check. Otherwise, the check is a nonlocal check. Some checks are marked "payable through" and have a four- or nine-digit number nearby. For these checks, use the four-digit number (or the first four digits of the nine-digit number), not the routing number on the bottom of the check, to determine if these checks are local or nonlocal.

Our policy is to make funds from local and nonlocal checks available as follows:

1. Local checks. The first \$100 from a deposit of local checks will be available on the first business day after the day of your deposit. The remaining funds will be available on the second business day after the day of your deposit.
For example, if you deposit a local check of \$700 on a Monday, \$100 of the deposit is available on Tuesday. The remaining \$600 is available on Wednesday.
2. Nonlocal checks. The first \$100 from a deposit of nonlocal checks will be available on the first business day after the day of your deposit. The remaining funds will be available on the fifth business day after the day of your deposit.
For example, if you deposit a \$700 nonlocal check on a Monday, \$100 of the deposit is available on Tuesday. The remaining \$600 is available on Monday of the following week.
3. Deposits of both categories of checks. If you deposit both categories of checks, \$100 from the checks will be available on the first business day after the day of your deposit, not \$100 from each category of check.

If we cash a check for you that is drawn on another bank, we may withhold the availability of a corresponding amount of funds that are already in one of your accounts. Those funds will be available at the time funds from the check we cashed would have been available if you had deposited it.

If we accept for deposit a check that is drawn on another bank, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another account with us. The funds in the other account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure for the type of check that you deposited.

Cash Withdrawal Limitation

For local and nonlocal checks described under the section heading Other Check Deposits, we place certain limitations on withdrawals in cash. In general, \$100 of a deposit is available for withdrawal in cash on the first business day after the day of deposit. In addition, a total of \$400 of other funds becoming available on a given day is available for withdrawal in cash at or after 5:00 p.m. on that day. Any remaining funds will be available for withdrawal in cash on the following business day.

Longer Delays May Apply

Safeguard Exception Delays - Funds you deposit by check may be delayed for a longer period under the following circumstances:

- We believe a check you deposit will not be paid.
- You deposit checks totaling more than \$5,000 on any one day.
- You redeposit a check that has been returned unpaid.

- You have overdrawn your account repeatedly in the last six months.
- There is an emergency, such as failure of computer or communications equipment.

We will notify you if we delay your ability to withdraw funds for any of these reasons, and we will tell you when the funds will be available. They will generally be available no later than the eleventh business day after the day of your deposit.

Deposits at Automated Teller Machines

Funds from any deposits (cash or checks) made at Automated Teller Machines (ATMs) we do not own or operate may not be available until the fifth business day after the day of deposit.

Special Rules for New Accounts

If you are a new member, the following special rules will apply during the first 30 days your account is open.

Funds from electronic direct deposits to your account will be available on the day we receive the deposit. Funds from deposits of cash, wire transfers, and the first \$5,000 of a day's total deposits of cashier's, certified, teller's, traveler's, and federal, state and local government checks will be available on the first business day after the day of your deposit if the deposit meets certain conditions. For example, the checks must be payable to you (and you may have to use a special deposit slip). The excess over \$5,000 will be available on the ninth business day after the day of your deposit. If your deposit of these checks (other than a U.S. Treasury check) is not made in person to one of our employees, the first \$5,000 will not be available until the second business day after the day of your deposit.

Funds from all other check deposits will be available on the tenth business day after the day of your deposit.
